

## The Shepherd Ministry - Pakistan

### Four Years Activity Report of 2009-2012

'The Shepherd Ministry' (TSM) Pakistan was founded in the year 2008 and was registered in August 2009 under the Societies Registration Act; XXI of 1860. It is non-profitable and non-political organization. Our team members who are serving as volunteers have wide experience in the field of community development.

TSM is also serving through Educational awareness program for community and talent hunt programs amongst Children.

At the completion of four years 2009- 2012 serving the Pakistan rural and urban communities, we gained the clarity of vision practically and also achieved some of our tasks which we have set with the consultation of our team.

These Four years of our organization evolved some new challenges before us to accomplish the vision of TSM, Firstly, how to gain friends to support us in our vision, secondly to raise funds.

To meet these challenges, we need your prayers and support to fulfill God's Purpose in His creation.

I on behalf of my team thank God Almighty for His blessings and also would like to thank and appreciate the efforts, encouragement and cooperation of special friends and supporters of TSM in realizing this success.

God bless them all!

Truly,

Rebecca Khan
